

Final Year Project Attendance & Evaluation Form – Session 2022

Project Title: Design and Implementation of a RISC-V based OoO Super Scalar Processor

FYP Group No.: 16 **Supervisor:** Ms. Bareera Sadia

Sr. #	Name	Registration No.	Present/Absent	Marks /10
1	Muhammad Furrukh	2022-EE-111	P	8
2	Syed Abdul Rehman	2022-EE-11	P	8
3	Saima Khalil	2022-CD-EE-01	P	8
4	Aleeza Mahboob Khan	2022-EE-05	P	8

Progress of the week

Introduced multiple functional units, like 2 ALUs, MUL/DIV and Load/Store unit in the pipeline. Modified design to accommodate parallel running of the 4 functional units. Modified fetch stage to accommodate branch and jump instructions. Included a simple branch predictor and target address calculator in decode stage. Rough design of rename table, dispatch unit, issue buffers, write arbiter, ROB and register file. Currently working on stall and flush mechanism.

Supervisor Comments

Satisfactory!

Supervisor's Signature: _____

Date: 13.02.2026

Note: This form is to be submitted by every final year project group duly signed by their supervisor in the final year project lab. The last date of submission of form is Friday every week till 3:30 PM. No excuse will be accepted for late submission.
